DROP CHANDELIER BULP

Its detailed suspension has industrial and maritime references and is beautifully crafted in plated metal, which is subsequently hand brushed to obtain the perfect finish to complement the circular opal glass lampshades.

While The Drop Chandelier Bulp collection honors the iconic, modernist lamp designs of the 1950s, it also celebrates an experimental, innovative approach with its 14 flexible and functional adjustable arms - creating countless options and variations.

The chandelier elegantly brightens the room with a warm light and becomes a sculptural object in the ceiling.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.
