Khaki

White

Light Grey

Black

The Harbour Dining Side Chair, a new extension of the Harbour Chair family, features a new shell that fits easily into compact spaces and under tables – yet continues to offer the cradling comfort the Harbour Chair is known for. The Harbour Dining Side Chair is available with textile and leather upholstery or with a bare shell. MENU's upholstered chairs are priced in three textile and four leather categories, with prices varying depending on the chosen upholstery. MENU offers various Harbour Dining Side Chair variants available for expedited delivery.

The Harbour Side Chair is also available with a clover-shaped swivel base so you can spin around as needed – and roll around as wanted. The base is available with either swivel, swivel w/return or swivel w/casters in three finishes – polished aluminum or powder coated aluminum in black or light grey.

You can also choose bases with bar- and counter-height that let you pull your favorite chair up to your favorite surface, whatever its height. Whether you love to eat, work and hang out at the countertop bar, or prefer the elevation of the high top, the new bar and counter versions invite you to pull right up.

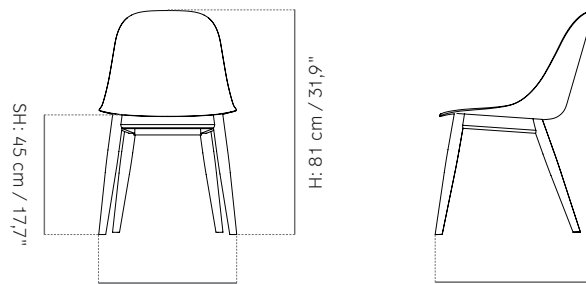

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings.

Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.

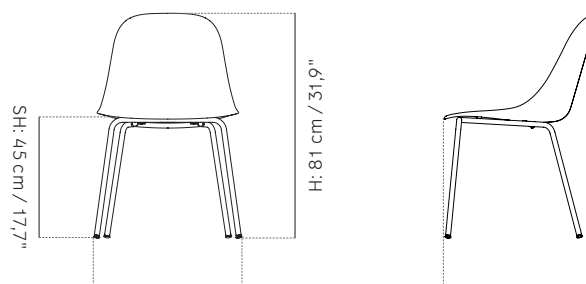

Harbour Dining Side Chair
